

# CERBERO

**ITALPOLLINA**  
HELLO NATURE!

PACKAGING: BAG 25 Kg

## CERBERO: WATER SOLUBLE FERTILIZERS

**Cerbero** fertilizers provide precisely timed and spaced supplies of readily assimilated chemical elements in fuction of preset production goals. Fertigation also exploits the important synergy with water that facilitates absorption of fertilizers. Correct fertigation, especially when combined with good basic organic fertilization, gives important benefits from agronomic, economic and environmental standpoints.

All standard products of the Cerbero range feature:

- Highly pure raw materials
- High solubility
- High assimilability of the supplied elements
- Enrichment with co-ingredients that ensure excellent chemical-physical characteristics
- Excellent quality-price ratio

## CERBERO RANGE

Products of our Cerbero range offer the right answer to each nutritive requirement of plants and soils.

### WATER SOLUBLE RAW MATERIALS:

- CALCIUM NITRATE
- POTASSIUM NITRATE
- MAGNESIUM NITRATE
- MAP - MONOAMMONIUM PHOSPHATE
- MKP - MONOPOTASSIUM PHOSPHATE
- UREA PHOSPHATE
- POTASSIUM SULPHATE
- MAGNESIUM SULPHATE

### NPK WATER SOLUBLE FERTILIZERS

- NPK 11-22-30 + 2 MgO
- NPK 13-40-14 + 2 MgO
- NPK 15-5-30 + 2 MgO
- NPK 20-20-20

### TAILOR MADE GRADES ON REQUEST

## THE ADVANTAGES

- Increased fertilizing efficiency.
- Precise and subdivided supplies of fertilizing elements and consequently reduced loss of nutrients.
- Reduced demand for nitrogen, phosphorus and potassium compared to field fertilization.
- Localization of the fertilizer in the area explored by the roots.
- Possibility of fertilizing even with the crop present in the field and in adverse climate conditions.
- No treading on the soil.
- Reduced labour requirements
- Quick and easy fertilization.
